### Full size keyboard and touchpad

The included full size keyboard and touch pad enhance your productivity on the go. You'll have little reason to settle for less.

### Network

With LTE Cat.6 network capability<sup>††</sup>, the Galaxy TabPro S can download your documents or stream your favourite shows faster than you can imagine. There's also AC Wi-Fi capability, meaning that browsing at home won't be lagging behind<sup>†</sup>.

### Windows 10

Familiar Microsoft apps and programmes mean you'll feel at home wherever you're working.

### Intel 6th Generation Core M Processor

Packing in the speed and power of a laptop, it gives you the freedom to tackle heavy-duty tasks without weighing you down.
